

2012 CHEVROLET POLICE AND MUNICIPAL VEHICLES

Shown with aftermarket equipment

CAPRICE POLICE

When the stakes are high, law enforcement officers depend on their equipment to be safe as well as effective. In an age of imitators, there is only one sedan available today exclusively for police use; one with advanced engineering, a larger interior than any other police sedan and a legendary name – Caprice.

3. Cargo and load capacity limited by weight and distribution.

*Includes optional full-size spare tire and auxiliary battery.

A POWERFUL LINE-UP

9C1 PATROL CAPRICE PPV

The 9C1 Caprice PPV is designed for high speed operations with a **Best in Class** top speed rated at 148 MPH[†] and 0-60 MPH performance of 6.01 seconds.^{††} And to provide STOP for all that GO, Caprice PPV's projected 60-0 MPH stopping distance is 128.3 feet.[†] With its specially designed offset console shift lever, computer and other controls are easily at hand. Interior space exceeds that of competing sedans, including that of the retiring Crown Victoria. With specially developed seats and other thoughtful features designed from the input of the GM Law Enforcement Product Council (LEPC), more and more law enforcement personnel are discovering how Caprice PPV 9C1 offers a larger interior than any other police sedan and an outstanding interior environment to work in.

9C3 DETECTIVE CAPRICE

The detective version of the Caprice PPV 9C3 package offers the same combination of performance, utility and comfort with an added standard center front console and full wheel covers. And like the 9C1, new standard features for 2012 include standard knee air bags¹, rollover protection, an engine hour and idle monitor included with the driver information display and a front passenger door lock cylinder.

OVERVIEW

2011 saw a new sheriff in town for law enforcement sedans – Chevrolet Caprice PPV. An industry leading, full-size, rear-wheel drive sedan exclusively developed for the U.S. police market, Caprice answers the call for a powerful, extremely spacious solution to the special needs of the men and women who depend on it. Continually impressing the law enforcement community with its outstanding performance, comfort and utility, Caprice PPV for 2012 adds a new standard naturally aspirated dual overhead cam V6 engine that delivers excellent fuel economy without compromising on power.

1. Head curtain side air bags are designed to help reduce the risk of head and neck injuries to front and rear seat occupants on the near side of certain side-impact collisions. Always use safety belts and the correct child restraints for your child's age and size, even in vehicles equipped with air bags. Children are safer when properly secured in a rear seat. See your vehicle Owner's Manual and child safety seat instructions for more information.

NEW FOR 2012

- 3.6L SIDI DOHC V6 301 hp with variable valve timing engine standard
- Rollover protection standard
- Engine idle and hour meter standard
- Front occupant knee air bags¹ standard
- Front passenger door lock cylinder standard
- Optional passenger side spotlamp
- Autonet Mobile Wi-Fi in car router (dealer accessory)
- Optional full wheel covers (9C1)
- Hugo Blue Metallic*

[†] Based on final results of 2011 Michigan State Police performance testing.

^{††} Based on final results of 2011 Los Angeles County Sheriff's Department performance testing.

BOLT-ON, EASY OFF, FRONT END MODULE

design creates simpler and faster damage repair. Compared to traditional front end designs that have welded upper cross members, beams and radiator supports, Caprice PPV features a “bolt-on and off” design that saves repair costs due to a reduction in cutting, welding and repainting. With the FEM removed, a “walk-in” front end allows easier repair and servicing of major body and engine components.

600 CCA AUXILIARY BATTERY

with a 70-amp hour rating is available to power customer-installed accessory equipment. The trunk-mounted auxiliary battery is connected to the vehicle’s charging system through an isolation relay to prevent emergency equipment electrical loads from depleting the primary 700 CCA vehicle battery if the engine is not running and the ignition is OFF.

USABLE UTILITY

Caprice PPV’s trunk includes 17.4 cubic feet of fully usable space to more easily accommodate police gear on a flat load surface. Optional equipment includes a vinyl trunk mat and a full-size spare tire.

STANDARD EFFICIENT FEATURES

- Spark Ignition Direct Injection (V6)
- E85 FlexFuel² capability
- Active Fuel Management™ (V8)
- 6-speed automatic transmission

INTERIOR

- Front cloth bucket seats sculpted for equipment belts with 10 inches between seats for equipment
- 8-way power driver seat
- Rear cloth bench seat with carpeting
- Dual-zone climate control with air filtration
- Cruise control
- 160-mph certified speedometer and multifunction display
- Tilt/telescoping adjustable steering column
- Power windows with rear window lockout
- Auxiliary ground stud in trunk
- AM/FM stereo with CD/MP3 player
- 110-amp ignition-controlled main power supply
- 120-amp auxiliary power supply in trunk
- Door locks, lighting customizable via multifunction display
- Front seat only, head curtain, side impact air bags¹
- Driver and front passenger knee air bags¹
- Ignition controlled trunk release
- Engine idle and hour meter
- Rollover protection
- Rearview mirror with compass
- Outside temperature display

MECHANICAL

- Rear-wheel drive
- 3.6L SIDI DOHC V6 VVT
- 6-speed automatic transmission
- Heavy-duty power 4-wheel disc antilock brake system
- Heavy-duty police suspension
- Power rack-and-pinion steering
- 170-amp high-output alternator
- 700 CCA battery with rundown protection
- Transmission and power steering coolers
- Radio suppression

EXTERIOR

- Power rearview mirrors
- P235/50R18 W-rated all-season tires
- Heavy-duty 18-inch steel wheels with bolt-on center caps
- Trunk and front passenger key lock cylinder
- Remote Keyless Entry
- Halogen headlamps

1. Head curtain side air bags are designed to help reduce the risk of head and neck injuries to front and rear seat occupants on the rear side of certain side-impact collisions. Always use safety belts and the correct child restraints for your child's age and size, even in vehicles equipped with air bags. Children are safer when properly secured in a rear seat. See your vehicle Owner's Manual and child safety seat instructions for more information.

2. E85 is 85% ethanol and 15% gasoline. To see if there is an E85 station near you, go to www.gmaltfuel.com/e85-station-locator.

OPTIONAL

- 6.0L V8 (no additional charge) with 355 hp, Active Fuel Management™ and FlexFuel² capability
- Auxiliary battery (600 CCA)
- Head curtain side-impact air bag¹ for front and rear
- Headlamp and taillamp flashing system (includes flashing module and control wire)
- Heated outside rearview mirrors
- Spotlamps
- Remote Start with content theft alarm system
- Full-size spare tire
- Vinyl rear seat
- Heavy-duty vinyl flooring
- Grille lamps and siren speaker wiring
- Horn/siren circuit wiring
- Hole in roof with sealing grommet (center or right) wiring not included
- Inoperative inside rear door handles, locks and window switches
- Common fleet keyed alike
- Daytime Running Lamps and automatic lamp control delete (not available in Canada)
- Carpeted floor mats
- Vinyl trunk mat with drip edge
- 6-way power front passenger seat
- Speed limiter (130 mph)

COMFORT, CONVENIENCE AND UTILITY

Shown with aftermarket equipment

THE SEAT OF JUSTICE

At the wheel law enforcement personnel can depend on PPV's sculpted, heavy duty seats to provide comfort shift after shift. Designed to accommodate equipment belts, high-wear, low friction cloth front bucket seats include a driver's 8-way power adjuster and reclining seat back and lumbar controls with quick adjust manual fore and aft movement. The front passenger seat features 4-way power adjustment with manual fore and aft movement, recline and lumbar controls. PPV's seat design was field tested in actual service for comfort, convenience and safety.

ADAPT AND OVERCOME

Many departments and agencies are facing serious upfit questions with the Crown Victoria at retirement. Caprice can accommodate most radios, consoles, rear seat barriers, gun racks and light bars from Crown Victorias with simple adapters.

The center console on the 9C1 PPV is specially designed with an offset shift lever that is close-at-hand to the driver and provides space for a computer mount and other equipment. And every Caprice PPV is covered by a 5-year/100,000-mile powertrain limited warranty, whichever comes first. See dealer for details, backed by the Chevrolet dealer service network.

9C1 INTERIOR

9C3 INTERIOR

SPORT SHIFT MODE

A 6-speed electronically-controlled transmission with Sport Mode feature delays upshifts and allows earlier downshifts when maximum engine power and transmission responsiveness is desired. Its unique calibration allows the transmission to "understand" driving conditions and select the appropriate gear, even through tight turns, and provides the optimum engine torque.

PLENTY OF ROOM FOR LAW AND ORDER

Whether on long patrols or hours of sitting on surveillance, law enforcement personnel have enough to think about without worrying about their personal comfort. NO WORRIES HERE: Caprice PPV offers more cubic feet of interior volume than Ford Crown Victoria Police Interceptor, Ford Police Interceptor and Dodge Charger. Its 112 cu.ft. of passenger volume translates into more leg room, so rear seat barriers can be mounted further aft to allow more seat travel and recline. PPV's 17.4 cu.ft. of trunk space is made even more functional by a flat load surface, available full size spare tire and vinyl trunk mat.

Safety, Security and Intelligent Design

Featuring advanced design with crash avoidance and occupant protection of highest priority, Caprice features a comprehensive safety package that begins with an exceptionally strong body structure and engineered energy load paths complemented by 8 standard air bags¹, electronic stability control, specific police duty wheels and tires and much more.

Body structure features extensive use of high strength and ultra-high strength steel and engineered energy load paths to enhance crash protection.

Front End Module (FEM) design creates simpler and faster damage repair. A “bolt-on and -off” design that saves repair costs due to a reduction in cutting, welding and painting. With the FEM removed, a “walk-in” front end allows easier repair and servicing of major body and engine components.

Dual-stage frontal air bags¹ with Passenger Sensing System; head curtain air bags¹ for driver and front passenger (allows use of full-width prisoner partition) knee air bags¹ and front seat-back-mounted thorax air bags¹. Combined front and rear head curtain air bags¹ available.

4-Wheel disc brakes Large 4-wheel disc brakes with ABS (police-specific calibration).

CAPRICE PPV IS RATED FOR HIGH SPEED EMERGENCY VEHICLE OPERATIONS.

Turning diameter 38 ft.

Ground clearance 5.6 in.

Four-wheel independent suspension features heavy-duty components, tuned to deliver responsive high-performance driving characteristics.

PASS-Key III+ Content Theft Deterrent System.

StabiliTrak[®] StabiliTrak electronic stability control with special police calibration and traction control.

Optional 600 CCA auxiliary battery
Trunk-mounted auxiliary battery is connected to the vehicle's charging system to prevent emergency equipment electrical loads from depleting the primary 700 CCA vehicle battery if the engine is not running and the ignition is OFF.

Speed-rated 18" tires with steel wheels.

1. Head curtain side air bags are designed to help reduce the risk of head and neck injuries to front and rear seat occupants on the near side of certain side-impact collisions. Always use safety belts and the correct child restraints for your child's age and size, even in vehicles equipped with air bags. Children are safer when properly secured in a rear seat. See your vehicle Owner's Manual and child safety seat instructions for more information.

IMPALA POLICE

The case for Impala has never been stronger for many agencies and departments who continue to wrestle with rising operating costs and reduced funding. An efficient and durable police car (as proven by the thousands purchased each year), Impala's already remarkable fuel economy and low cost of ownership are complemented in 2012 by a new standard powertrain with improved highway fuel economy. The verdict is in: Impala continues to offer outstanding full-size utility, performance and value.

OVERVIEW

The 2012 Impala 9C1 marked and 9C3 undercover police packages are purpose-built, ruggedly engineered mainstays for hundreds of police agencies throughout North America. Combining mid-size agility and cost savings with large car performance and roominess, both feature an all-new standard powertrain that will only enhance this vehicle's already legendary service record.

The new E85-capable 3.6L direct injected V6 features Variable Valve Timing (VVT) to offer a fuel economy of 17 City and 28 Highway MPG. Rated at a spirited 302 hp., this V6 is matched to a 6-speed automatic transmission. Impala for 2012 also features 17-inch wheels, Goodyear tires, larger front brakes, a retuned suspension and StabiliTrak[®] with traction control and Police Mode calibration.

NEW FOR 2012

- 17-inch wheels and tires standard
- P235/55R17 W-rated Goodyear tires standard
- 3.6L SIDI DOHC V6 with 302 hp, variable valve timing, FlexFuel² standard
- 6-speed automatic transmission standard
- 170-amp alternator standard
- StabiliTrak[®] standard

TAHOE POLICE PATROL VEHICLE

As law enforcement needs have evolved in the wake of homeland security issues, Chevrolet Tahoe has become the solution of choice for many first responders, including K9, tactical, and other special applications. But the Tahoe PPV is also ideal for patrol and high speed activity, offering an unprecedented combination of performance, utility, safety, and low life cycle cost.

OVERVIEW

Within its full frame, rear-wheel drive design, Tahoe PPV possesses the power and the purpose to possibly be the perfect police vehicle. The standard 5.3L with variable valve timing (VVT), E85 FlexFuel²-capable V8 generates 320 hp and 335 lbs.-ft. of torque. Yet Tahoe PPV features better or equal EPA-estimated fuel economy of 15 MPG City and 21 MPG highway compared to Ford Crown Victoria (14 MPG City, 21 MPG Highway). Tahoe PPV is specially designed and tuned for police work, including a heavy-duty suspension and front brake rotors with additional venting. StabiliTrak® with traction control and a 5-Star⁹ overall frontal crash safety rating and 5-Star⁹ overall side barrier crash test rating are all part of Tahoe PPVs impressive safety package.

NEW FOR 2012

- Hill start assist standard
- Autonet Mobile Wi-Fi in car router optional (dealer accessory)

TAHOE HYBRID MUNICIPAL – 1HY PACKAGE

For the ultimate in full-size SUV fuel economy with an EPA estimated MPG of 20 city and 23 highway, Chevrolet Tahoe Hybrid delivers up to 40-percent improved mileage in city driving compared with non-hybrid models, while delivering all of the comfort and capability customers expect in a full-size SUV. The vastly improved fuel economy is due largely to a state-of-the-art Hybrid System using GM's Electronically Variable Transmission. An industry first for any full-size SUV, the Tahoe 2-Mode Hybrid is offered for municipalities who prefer or require hybrid vehicles to be included in their fleets. Tahoe Hybrid can tow up to 6,200 lbs.⁸ (2WD) and 5,900 lbs.⁸ (4WD) offers standard eight-passenger seating capacity.

Available is an optional power distribution center, single (RPO WRK) or dual (RPO WRJ), which simplifies upfitting and avoids connection to critical components of the hybrid vehicle electrical system. See your dealer for details.

Tahoe Hybrid is not designed or intended for high-speed emergency vehicle operations. 3 years / 36,000 mile bumper-to-bumper and 8 year / 100,000 miles for hybrid related components.

1. Head curtain side air bags are designed to help reduce the risk of head and neck injuries to front and rear seat occupants on the near side of certain side-impact collisions. Always use safety belts and the correct child restraints for your child's age and size, even in vehicles equipped with air bags. Children are safer when properly secured in a rear seat. See your vehicle Owner's Manual and child safety seat instructions for more information.

2. E85 is 85% ethanol and 15% gasoline. To see if there is an E85 station near you, go to www.gmaltfuel.com/e85-station-locator.

8. Maximum Trailer Weight ratings are calculated assuming a base vehicle, except for options necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow.

* Extra cost

STANDARD EFFICIENT FEATURES

- The 2-Mode System is a patented hybrid technology with two modes optimized for city and highway driving.
- First mode: At low speed and light loads, the vehicle can operate by electric power or engine power, or any combination
- Second mode: Primarily for highway speeds providing electric assist and full V8 power when needed. It integrates sophisticated electronic controls, Active Fuel Management™, cam phasing and late-intake valve closure for efficient engine operation
- 2-Mode System allows for more compact packaging because powerful electric motors are designed to fit within the space of a conventional automatic transmission
- 300-volt battery pack is larger than typical battery but fits in without compromising passenger space. No plug-in is required

SAFETY AND SECURITY

- Frontal and side-impact air bags¹ with Passenger Sensing System
- Head curtain side-impact air bags¹
- Daytime Running Lamps and automatic lamp control
- StabiliTrak® stability enhancement system
- OnStar® 6-month Directions & Connections Plan⁵ with Turn-by-Turn Navigation (fleet delete available)

INTERIOR

- Reclining front split-bench seat
- Rear bench fold-up seat
- Tilt adjustable steering column
- Dual-zone climate control
- AM/FM stereo with CD/MP3, XM® Radio⁶ with a 3-month trial
- Bluetooth® wireless technology⁷ for select phones
- Driver Information Center
- Power door locks and windows

MECHANICAL

- Vortec 6.0L VVT V8
- Strong hybrid automatic transmission
- 4-wheel disc antilock brake system with regenerative braking
- Locking rear axle differential
- Z85 independent front and multileaf rear suspension
- Trailering equipment

EXTERIOR

- Tonneau cover
- Foldaway rearview mirrors
- EZ-Lift Tailgate Package
- P265/65R18 quiet-tuned tires
- 18-inch Chrome-Clad aluminum wheels

OPTIONAL

- Seating options: power, bucket seats, leather seating surfaces
- Power adjustable pedals
- XM® NavTraffic⁶
- Audio options: USB port, navigation system, Bose® audio
- Rearview camera system
- Ultrasonic Rear Parking Assist
- Base truck appearance package

SILVERADO 1500 CREW CAB PICKUP HYBRID - 1HY

Sharing the same pedigree as all hard-working Silverado pick-ups, Silverado Hybrid offers an EPA-estimated 20 MPG city, 23 highway, yet still delivers 332 horsepower and 367 lb.-ft. of torque. That gives this Silverado the punch to tow up to 6100 lbs.⁸ and to haul a payload⁴ of up to 1553 lbs. For agencies looking to add fuel efficient features to their fleet, silverado 1500 Hybrid means no compromises in the serious business of law enforcement support. Silverado 1500 Hybrid is not designed or intended for high-speed emergency vehicle operations. 3 years / 36,000 mile bumper-to-bumper and 8 year / 100,000 miles for hybrid related components. Available in 2wheel and 4 wheel drive.

SELECT FEATURES

EXPRESS VAN POLICE TRANSPORT

A true workhorse for law enforcement with seating for up to 15 and a towing capacity of up to 10,000 lbs.⁸, Chevrolet Express Police Transport van is available in regular and extended 3500-series (1-ton) models, all featuring the standard StabiliTrak[®] vehicle stability enhancement system. For 2012, a 4.8L FlexFuel² V8 is standard on 1LS models, with a 6.0L FlexFuel² V8 newly optional. For applications that demand the power and efficiency of a diesel, GM's Duramax 6.6L Turbo Diesel V8 is also available. Express Police Transport Van is not designed or intended for high-speed emergency vehicle operations.

SELECT FEATURES

STANDARD EFFICIENT FEATURES

- Standard E85 FlexFuel² capability
- Standard 6-speed automatic transmission
- Available Duramax 6.6L Turbo Diesel with B20-Diesel compatibility

SAFETY AND SECURITY

SUBURBAN COMMERCIAL DECOR-1 FL PACKAGE

Combining exceptional versatility and powerful performance, Chevrolet Suburban two- and 4-wheel drive models are available with a Commercial Decor 1FL Package that make them well-suited for police and fire utility use. Legendary interior spaciousness, cargo hauling capacity (137.4 cu.ft.) and towing capacity (maximum 9600 lbs.⁸) have long made Suburban a working favorite for municipal applications. Suburban is not designed or intended for high-speed emergency vehicle operations.

1. Head curtain side air bags are designed to help reduce the risk of head and neck injuries to front and rear seat occupants on the near side of certain side-impact collisions. Always use safety belts and the correct child restraints for your child's age and size, even in vehicles equipped with air bags. Children are safer when properly secured in a rear seat. See your vehicle Owner's Manual and child safety seat instructions for more information.
